TERRITORIAL ELIGIBILITY

- Target territory: The territory of the Czech Republic, except NUTS 2 Prague.
- The territorial eligibility is not assessed based on the registered office of the applicant (beneficiary) but based on the actual place of project implementation, i.e. the territory where the physical implementation takes place and the project expenses are incurred.

MAIN CONDITIONS OF THE CALL

- The project is implemented as part of international cooperation and the expenditure of foreign partners is covered from the relevant regional and/or national public programmes of the partner countries;
- The project must not violate horizontal EU policies and their basic principles. In particular, the project must comply:
 - with principles of non-discrimination (primarily non-discrimination based on race, gender, religion, ethnic origin, disability, age or sexual orientation),
 - with the principles of sustainable development,
 - with the Charter of Fundamental Rights of the European Union (the applicant provides a declaration on honour)
 - with environmental legislation (the applicant submits a declaration on honour).
- The project objectives shall be in line with the objectives of the operational programme and the Call.
- For projects whose total eligible expenses are equal to/higher than CZK 5 million, the score obtained in the simplified economic evaluation, which expresses the financial health of the applicant, must not be lower than 5 points.
- The project does not significantly harm the environmental objectives within the meaning of Article 17 of Regulation (EU) 2020/852 of the European Parliament and of the Council⁶.
- Grant applications of applicants who have submitted a similar active project (in any PP status) under OP TAC will not be approved in the phase of appraisal of formal requirements and eligibility, unless the applicant has withdrawn from the project. A similar project is a project that has the same place of implementation (up to the level of the municipality), similar activities and a similar amount of budget and its structure. The aim of the above-

⁵ Does not apply to partners with financial contribution

⁶ See Annex "Do No Significant Harm" verification form.

mentioned measure is to prevent blocking of budget funds by the fact that the still unfinished project proposals from OP EIC are submitted again in an identical wording, or slightly modified.

ELIGIBLE EXPENDITURE

- external services (contractual research, R&D consulting services used for the purposes of the project and other operating costs) in a maximum amount of 30% of TEE;
- personnel costs – salaries and insurance premiums of researchers, technicians and other technical support staff to the extent necessary for the purposes of the project;
- the costs of tools, devices and equipment acquired from third parties in the form of depreciation of movable tangible fixed assets, to the extent necessary and for the period they are used for the purposes of the project at a maximum amount of 20% TEE;
- material and component costs incurred directly as a result of the project;
- flat-rate costs (additional overhead costs) amounting to 15% of personnel costs.

FORM AND AMOUNT OF AID

- The grant for a project is provided in the minimum amount of CZK 3 million⁷ and up to a maximum of CZK 50 million.
- Projects requesting less than the minimum aid according to the aid intensity are unacceptable and will not be accepted in the appraisal process. The maximum aid level is unsurpassable.

The maximum level of State aid (EU share) is specified in the following tables showing the decisive categories of supported activities and the size of the enterprise:

Activity category	Small enterprise	Medium-sized enterprise	Large enterprise/Mid cap/Small mid cap
Industrial research ⁸	70%	60%	50%
Experimental development ⁹	45%	35%	25

In the case of project implementation, **which involves effective collaboration among consortium members¹⁰**, the maximum level of State aid based on the category of supported activities and the size of the enterprise is as follows:

⁷ Valid at the stage of approval by the selection committee.

⁸ Industrial research is defined in Article 2(85) GBER.

⁹ Experimental development is defined in Article 2(86) GBER.

¹⁰ According to Commission Regulation (EU) No 651/2014, the effective collaboration must be (1) between undertakings among which at least one is an SME, or is carried out in at least two Member States, or in a Member State and in a Contracting Party of the EEA Agreement, and no single undertaking bears more than 70% of the eligible costs, or (2) between an undertaking and one or more research and knowledge-dissemination organisations, where the latter bear at least 10 % of the eligible costs and have the right to publish their own research results.

Activity category	Small enterprise	Medium-sized enterprise	Large enterprise/Mid cap/Small mid cap ¹¹
Industrial research	80%	75%	65 %
Experimental development	60%	50%	40%

If the project does not constitute State aid, the aid is provided in accordance with the Framework, namely for entities that meet the definition of a research organization. The maximum aid intensity here must not exceed 85% of the total eligible expenditure of the research organization, regardless of the size of the research organization.

Activity category	Aid not constituting State aid
	Research organization
industrial research	85%
experimental development	85%

The participation of the research organization in the project is not mandatory.

The maximum total share of eligible expenditure on the supported activity “industrial research” must not exceed 30% of the total eligible expenditure of the project.

¹¹ In the case of an applicant (and/or domestic partners) from the category of large enterprises (over 3,000 employees), the condition of effective cooperation with SMEs is met, if the project is implemented by large enterprises in direct cooperation with small and medium-sized enterprises with the condition of a minimum 30% participation of SMEs in the total eligible expenditure of the project, or with the condition of 20% SMEs and 10% research organizations.
